

# Who I Am

Wiz Khalifa

I be rollin  
Riden  
Flow so fly I be so so high  
She say I'm that guy u wanna ride with  
Like my car get inside it  
U excited  
I don't blame u  
Everywhere I go all them hoes act the same too  
I don't wanna date u  
I just wanna take u home n do somethin grown folks can relate too  
Bitch I'm a play u  
I would hate to  
But if u stay cool we should be straight boo  
Bitch I'm a straight fool  
No I can't lie  
Don't let a day go bye where I ain't high  
Pump your brake lights lemme slow it down  
Know who I is n how is bout to go down  
U wanna roll now  
We'll just ride out  
Right now I'll show u what I'm bout

Tryna front when u see me in the club bitch u no who I am (4x)  
Gettin weeded with a pocket full of dubs I bet u no who I am (4x)  
They be runnin up n showin all this love cause they know who I am (4x)  
Didn't notice it but now your goin nuts cause u no who I am (4x)

I be cakin  
Makin all of this money  
Look honey I ain't fakin  
See that your takin  
That's cool with me  
Cause u n your boyfriend ain't got shit to do with me  
Truthfully  
Real talk  
I pimp hard she tell them to get lost  
Bottles of patron good green in my cigar  
See u in your girl watchin me n my niggas  
Now that your with us  
If not wiz don't fuck a rap star  
I just get it how I live  
This ain't the first time that u heard about wiz  
So ma why I feelin me just front n act like it is  
U ain't the type of juice better then one poundin  
Just lettin me come round now she a buss down  
Feelin my convo  
Then mami let's ride out  
Right now I'll show u what I'm bout

Tryna front when u see me in the club bitch u no who I am (4x)  
Gettin weeded with a pocket full of dubs I bet u no who I am (4x)
