

When you walk right by my side everything just feels alright
all the stars are shining bright I feel lucky
When I'm hanging out with you and you do the things you do
when you look into my eyes I'm so glad
But there's something sad 'bout you you're a guy and I'm one, t
oo
you like girls and I like you so I don't know what to do
I just hide my face away standing in the closet
and pretending I feel fine
I just hide my tears away you know I'm a big boy
you won't see me crying
When I walk around with you and you do the things you do
when you look into my eyes feel like crying
When you call me on the phone telling me you feel alone
it's just tearing out my heart feel like dying
But there's something sad 'bout you you're a guy and I'm one, t
oo
you like girls and I like you so I don't know what to do
I just hide my face away standing in the closet
and pretending I feel fine
I just hide my tears away you know I'm a big boy
you won't see me crying
I just hide my face away standing in the closet
and pretending I feel fine
I just hide my tears away you know I'm a big boy
you won't see me crying
