

## 90 Mile Beach

Wolf Alice

Look at you, you're all grown up  
Don't look at me 'cause I gave up  
I was waiting for us to move  
I had had it all planned out  
I'd worked the route and wrote it down  
What did you have to lose?

You owe me, yeah  
You owe me, yeah

Twiddle my thumbs and hope the beasts wont find you  
I love those little things that ring me alone to remind you

That you owe me, yeah  
You owe me, yeah  
You owe me, yeah  
You owe me, yeah
