

# She

Wolf Alice

Made dirty, blade don't care,  
I'll take anything,  
Watch me  
Take what you will,  
Wear like a stain,  
Always thinking for her  
'Cause she was sent for it

IT'S SO EASY TO REBEL  
She might, she might, she might  
AND THEN CELEBRATE MYSELF  
She might, she might, she might  
I WISH I WAS LIKE YOU  
I wish I was you  
She might

She's got a boyfriend in a band  
And they do more than just hold hands  
So, so quiet, so, so pretty  
From the country, loves the city  
I'm a city girl born and raised  
Dust in the cracks and filled with rage

Well, you can be my second hand,  
My soft coo coo when I go to bed,  
Do you tell lies, do you do tricks  
Do you hate your dad, is your mum a bitch  
So quiet and pretty  
She's laughing, really  
Uuuh uuh yeah  
Uuuh uh yeah

I had a lover, I had a friend  
But don't deliver nothing for them  
You're having fevers and bad dreams  
I'm having neither, just let me breathe

I had a lover, I had a friend  
But don't deliver nothing for them  
You're having fevers and bad dreams  
I'm having neither, just let me breathe

IT'S SO EASY TO REBEL  
She might, she might, she might  
AND THEN CELEBRATE MYSELF  
She might, she might, she might  
I WISH I WAS LIKE YOU  
I wish I was like you  
I wish I was like you  
I wish I was you  
She might
