

# Visions of a Life

Wolf Alice

The skin on my bones is leather cold  
Poisoned my heart beats slow  
Fear of crashing and not coming back  
I'm a curse to my friends, to be condemned  
Mistakes I made and won't mend  
Fear of crashing and not coming back

I dream of death, its violent breath  
I'm caught with my maker in step  
Fear of crashing and not coming back  
I could bleach clean my soul but he knows I know I'm coming to dine in his hole  
Fear of crashing and not coming back

Visions of a life  
Where I was satisfied  
Feed my hungry mind  
Where are you when I close my eyes?

I left this world behind  
For the world I'd built inside  
Feed my hungry mind  
Where are you when I close my eyes?

Why do I feel so strange?  
A nuclear family and friends my own age  
I follow the rules, do what it says on the tin  
But I'm still on the outside still looking in

Why was I born with itchy feet?  
And why do I hate all the people I meet?  
People's ideals give me the chills to the bone  
I got one thousand million friends and I feel so alone

Stay as you are  
Everybody likes you  
Everybody cares  
There's some insight for you  
I'll get my coat  
I'll be the bitch  
I heard that journeys end in lovers meeting  
But my journey ends when my heart stops beating  
I'm leaving

Stay as you are  
Everybody loves you  
Everybody cares  
There's some insight for you  
I'll get my coat  
I'll be the bitch  
I heard that journeys end in lovers meeting  
But my journey ends when my heart stops beating  
I'm leaving

Human heart in my hand  
Heart in my, human heart in my hand  
Taking it back, eyes straight ahead

Cut it in half, better than dead  
Human heart in my hand  
Heart in my, human heart in my hand  
Taking it back, eyes straight ahead  
Cut it in half, better than dead  
Human heart in my hand  
Heart in my, human heart in my hand  
Taking it back, eyes straight ahead  
Cut it in half, better than dead
