

# Lions In Cages

Wolf Gang

In the city  
Where I'm from  
There are lovers till the dawn  
And you stayed up to see the sun  
I couldn't wait that long

Who's gonna get up after we're gone?  
Who's gonna get up after we've fallen?  
Who's gonna pick up what we've done wrong?  
Who's gonna get up after we're gone?

In the city  
Where I'm from  
Lions in cages just for fun  
But you will pace around your cage  
And wait for night to come

In the city  
Where I'm from  
They shoot you down  
If you run

But we don't stop to check the time  
'Cause time keeps moving on and on and on

Who's gonna get up after we're gone?  
Who's gonna get up after we've fallen?  
Who's gonna pick up what we've done wrong?  
Who's gonna get up after we're gone?

I see you in another place  
I expect a familiar face  
The city joins us with hands of grace  
Hands free there are no constraints  
Just ignore all that you see  
The illusion of you and me  
Illusions come illusions go  
And if I leave you'll never grow old

In the city  
Where I'm from  
There are lovers till the dawn  
And you stayed up to see the sun  
I couldn't wait that long

Who's gonna get up after we're gone?  
Who's gonna get up after we've fallen?  
Who's gonna pick up what we've done wrong?  
Who's gonna get up after we're gone?

The city joins us with hands of grace  
Hands free there are no constraints

Illusions come illusions go  
And if I leave you'll never grow old
