

Surgeons Of Lobotomy

Wolf

This is the ministry of catastrophe
We are the surgeons of our lobotomy
Yeah, this is the new age
Welcome to the new age

Inhumanity
Your insanity
In the same boat on a burning sea

We are the cancer that can't be removed
Taking our chances to eat all we could
Yeah, this is the new feast
Welcome to your last meal

Inhumanity
Your insanity
In the same boat on a burning sea

We are the ministry of catastrophe
Turning this world to debris

Inhumanity
Your insanity
In the same boat
Everybody row !
ROW !
Row !
ROW !
Let's row !
ROW !
Row !
ROW !
