

Die Juden sind unser Unglück

Wolfnacht

Achtung jude!

Killing the kikes of zion
Fighting the traitors of our blood
Destroying the unaryan subculture
Every jew falls victim to our violent squad

Die Juden sind unser Unglück!

We're done with six million filthy lies
Jerusalem will burn
The swastika arises
The holocaust will come
But this time it will be real
The ??? will reign
The totenkopf ???

Die Juden sind unser Unglück!

The concentration camps are open again
Auschwitz awaits so enter the train
Enter the train! Enter the train!
Auschwitz awaits so enter the train

Die Juden sind unser Unglück!

???? compassion
Are now open wide
I wait for ???
The totenkopf appears in black white and red
The chosen race of god is now fucking dead

Die Juden sind unser Unglück!
