

Fell Out of Heaven

Wolfsbane

Hot and mean and looking for kicks!
If it's wrong or bad then I gotta have it!
I'd seen her just around sunset,
Doggie here's a bone and I'm tellin' you to fetch!
Fell out of heaven!
She's walking my way!

Legs do the talking: they talk about love!
Legs do the walking: they walk into my love!

Five inch heels and a heartbreak dress!
I'm a victim of her sweet caress!
We were racing against the night,
Burning through the dark like a fire-fight.

Fell out of heaven!
She's walking my way!

Legs do the talking: they talk about love!
Legs do the walking: they walk into my love!

X-rate that dress, I want to touch,
I want to play with those legs!
I don't care what she does,
If she'll do it with me,
Then I'll fall in love...

Legs do the talking: they talk about love!
Legs do the walking: they walk into my love!
