

# I Won't Believe

Wolfsheim

I won't believe every lie  
Just 'cause you said you're mine  
I won't believe that your heart's  
Been cheating from the start

I won't believe it's just a game  
I won't believe it's just the same again  
I won't believe it's just a game  
I won't believe it's just the same again  
Just the same again

I won't believe you could be far away  
But staying on my mind  
I've to believe at last, there won't be  
Anything that's left behind

My friend I understand, that you just saw  
The signs, but not their sense  
And laid your trust in me

I won't believe, I won't believe  
That you will be there at all  
You know that I believe  
This is what a friend is for

I said, I won't believe, but then  
I understand that you could see  
The signs but not their sense  
Don't lay your trust in me

I won't believe  
That you will be there at all  
You know that I believe  
This is what a friend is for

I said, I won't believe, but then  
I understand that you could see  
The signs but not their sense  
So don't lay your trust in me

I won't believe
