## **Once In A Lifetime**

It's getting dark too soon a threatening silence Surrounding me a wind comes up from the islands Distance fades to stormy grey Washed out from the deep of the ocean Here I will stand to face your wrath While all the others are praying

Calm down my heart don't beat so fast Don't be afraid just once in a lifetime

No rain can wash away my tears No wind can soothe my pain You made me doubt, you made me fear But now I'm not the same You took my wife, my unborn son Torn into the deep of the ocean I don't pretend that I love you 'Cause there is nothing left to loose

And when silence comes back to me I find myself feeling lonely Standing here on the shores of destiny I find myself feeling lonely I had a life to give many dreams to live Don't you know that you're losing so much this time Beyond the waves I will be free While all the others are praying

Calm down my heart don't beat so fast Don't be afraid just once in a lifetime

The love in you, it does not burn, There is no lesson you can learn And there are sounds you cannot hear, And there are feelings you can't feel

Calm down my heart don't beat so fast Don't be afraid just once in a lifetime

I don't pretend that I love you And this time I'm not scared of you
