

## Sleep somehow

Wolfsheim

It started with a feeling  
A special kind of feeling  
We've lost somehow

Idle thoughts are reeling  
I'm longing for your touch  
But you don't understand  
That it means so much

You leave it up to me  
To sleep some  
How the anger that I feel  
Must leave somehow

I hear you breathe... I'm waiting  
For the morning light  
I miss you... although I'm lying  
Right by your side

You leave it up to me...

I don't know why... our time went by  
There's nothing left to feel  
Except this boring kind of anger  
That's wasting me

You leave it up to me...

A fading night... I feel the light  
(Of) a day that dawn in grey  
Overgrowing all my hopelessness... but shadows will  
Stay...

You leave it up to me
