This is for Love

Wolfsheim

You've got to do it Do something right now There's no time for waiting anyhow! You've got to do it Everything went wrong Something has to happen Somewhat strong it has to be Something for everyone to see! This is for love this is for hate And there were never higher stakes You've got to do it right!

And you know just what to do We know you will And you know just what to do We'll love you still

And then you'll discover this is no dream Life is as real as it seems! And if someone says: they have to pay the toll! Don't believe it at all!
