In Korea, we got choices
Let's come together, lift up our voices
Let's be smart, and keep it fresh
Wanna be healthy, then you know we got the best

We got strawberry, ginseng and love that kimchi
Keep the skin so beautiful full of energy
We wanna give the whole world a taste of harmony
'cause we got the secret the health and beauty

It's a k-food party, k-food party
C'mon everybody, make the smart choice
