

# Ouch

Wonder Girls

I don't wanna waste another day  
Letting on these sweet dreams fade away  
Don't you think it's time to let it go  
No more lying

Maybe I will make up for the word  
Who should be the one to say it first?  
Who should be the one to spit it out?  
No more lying, look at us crying

Ou~Ou~Ouch

It's hurting inside

Tell me why~

Your love is

Heartbreak~ Heartache

And it's more than I can take

First smile~ then tears~

And then it is too late

Everybody's looking for a little sweet touch  
Maybe I was hoping for a little too much cuz

I know, you know

It's just heartbreak, heartache

Everyone in this world felt the same  
Thinking it's a fun fun foolish game  
And then you had your heart all broken like  
What is happening?

One of you is always so in love  
One is on the floor, One is high~ above~  
Don't you think it's time to let it out?  
No more lying, look at us crying

Ou~Ou~Ouch

It's hurting inside

Tell me why~

Your love is

Heartbreak~ Heartache

And it's more than I can take

First smile~ then tears~

And then it is too late

Everybody's looking for a little sweet touch  
Maybe I was hoping for a little too much cuz

I know, you know  
It's just heartbreak, heartache

Ou~Ou~Ouch  
For you I'm just a game  
Love is pain, cuz you don't hurt the same  
Stop, please stop, this never ending rain

Please say something~

Ou~Ou~Ouch  
My heart is bleeding tears

I hate you so

I do not want you near

Done, we're done

This never ever cures

No more lying, look at us crying

Ou~Ou~Ouch

It's hurting inside

Tell me why~

Your love is

Heartbreak~ Heartache  
And it's more than I can take  
First smile~ then tears~  
And then it is too late  
Everybody's looking for a little sweet touch  
Maybe I was hoping for a little too much cuz  
I know, you know  
It's just heartbreak, heartache

Heartbreak, heartache~  
Heartbreak, heartache~  
Heartbreak, heartache~

Heartbreak, heartache~~
