

Arnaldo said he'll get you when you're dead
Killer tattoo ain't gonna save you
Arnaldo said believe what you've been fed
Color balloon's not what he gave you

Arnaldo said, Arnaldo said
Arnaldo laughs while you try to
Free your mind of what Arnaldo said

Arnaldo smiles, he slips into your files
Gather your name, tamper your story
Arnaldo cries, a black cat in disguise
Never too sad, never too sorry

Arnaldo said, Arnaldo said
Arnaldo laughs while you try to
Free your mind of what Arnaldo said

Yeah, alright, Arnaldo said
Say what's your hurry? Now here's your head
Run and hide, Arnaldo said
Mutantes out to get you
He said, C'mon inside, Arnaldo said
It's your admission, you've made your bed
Yeah, that's right, that's what he said
You know not what you do, Arnaldo said

Arnaldo said, Arnaldo said
Arnaldo laughs while you try to
Free your mind of what Arnaldo said
