

## Halves And Quarters

Woods of Ypres

A little more today, a little less the next  
Halves and quarters are keeping me going  
A little less today, a little more the next  
Halves and quarters are keeping me going

I'm weaning myself off the one thing that's keeping me alive  
I'm weaning myself off the one thing that's helping me to survive  
I'm splittin' the pills that aide me with my ills  
I'm weaning myself off the one thing one day at a time

A little more today, a little less the next  
Halves and quarters are keeping me going  
A little less today, a little more the next
