

Hercules

World Party

Yeah, you gotta be Hercules
You get up, you get down, you stand up
This whole world keeps spinning around
And I've found that it helps
You gotta be Hercules

You may think it's bringing you down but I know
I know you got it bad babe
There's always someone worse than you
Come on, put your head on my shoulder
You gotta be Hercules
You gotta be Hercules
You gotta be Hercules
