

# Sunshine

## World Party

You can't see forward, you can't look back  
There's nothing that you need, nothing that you lack  
And it ain't gonna last this way

You say you're living out on the edge  
But you're on solid ground, not on a ledge  
And I think we're gonna make it this time

Sunshine, I just can't get enough of you  
Sometimes you just blow my mind  
Gonna take it all, gonna change it all for you

And I'm so glad that you found me  
Yeah, you made it just in time  
Yeah, I'm so glad now, I'm getting delirious

You're down in the basement when we're up here on the roof  
You're looking for evidence when you're living proof  
But we hope you're gonna make it up here

Sunshine, I just can't get enough of you  
Sometimes you just blow my mind  
Gonna take it all, gonna change it all for you  
Sunshine, don't leave me behind

I keep getting caught in the rain  
Fooled again and again  
I start acting like there's no tomorrow  
Drowning in a sea of pain and sorrow

Oh, I said, "Sometimes I just can't get enough of you"  
Sunshine, you just blow my mind  
Gonna take it all, gonna change it all for you

And I'm so glad that you found me  
Yeah, you made it just in time  
Yeah, I'm so glad now, I'm getting delirious
