

# When You Come Back To Me

World Party

Just afloat on the sea  
Find myself on a page of history  
You know as I ride along  
There's a memory of a song  
About you,  
And where you're meant to be  
You're going to tell me the answer  
I'll know  
When you come back to me

If we fall,  
Love will catch us every time,  
I hear you call, I will run  
And when the magic of the adventure overcomes  
We won't cry because it could be fun.  
I'm going to tell you the answers  
You'll know  
When you come back to me
