World Party

Can you hear the music
It's coming from the forest where we used to live.
Can you hear the laughing
Coming from the clearing at the bottom of the hill.
Climb the view and see the creatures
Run about their way.

World party.
How can I say no?
World Party
You know I've got to go ...
World Party
To a world party tonight.

I'm going to ask a dolphin to.
See if you can find a tiger whos eyes are still alight
With your little head in his mouth everything's gonna be alrigh

Where every creature gets a share of life and food and light.
