

Addicts Of Misery

Wormrot

Live in isolation, sociopath needs
Stay the f**k away,
I'll blow your goddamn brains,
And I don't need your existence
Solitude, psychopatic, gone insane
The f**king pleasure
Of self mental raped
Get away from me,
It's your f**king risk,
Addicted to misery, just let me be
I am my own god, try to mess with me
And you'll be buried
In your own f**king shit
So leave me alone
