

Born Stupid

Wormrot

Give it a break it is nothing new
So much hate f**k you
Why the wrath just co-orperate born stupid

Give it a break, broken minds
It is nothing new, f**k your rights
So much hate, lies or die?

A little more competition
What is the harm with criticism

You stupid f**k shall be impaled
Narrow minded shit will be leff to rot

Underground is dead in this f**king world
We do not need to hear your self-believing shit
You should be the one for us to compete
We will destroy you, f**k your thoughts
Who are you to f**king judge me
