

## Deceased Occupation

Wormrot

Working from night until day,  
Never once realize  
You are under paid.  
You f\*\*ked your life,  
Your own willing,  
To stay in your shitty job.  
Feed on your own sweat and tears,  
All day long with nothing to say,  
Back home no one gives a shit  
You have been deceased,  
It's a matter of time  
You have finished  
Digging your own grave.  
All this while  
You are actually dead.
