

## Exterminate

Wormrot

Killing and exterminate  
Darkest thoughts are not enough  
Hate we feed are all diseased  
Cause of death by all this shit  
Feel the darkness depression  
Get out from your boundaries you piece of shit  
Acting violence just for attention  
We don't need to witness your mindless shit  
Self intoxication  
There is no f\*\*king future your monkey brain  
Extermination  
Feel the f\*\*king darkness depression now  
Build your hate, exterminate, pitiful creep, been abused  
Exterminate is what we f\*\*king need  
Intoxication for all the f\*\*king deseased  
Exterminate
