

# Scum Infestation And Last Song

Wormrot

Scum infestation  
Natural catastrophe  
Is this what we really f\*\*king need

Squeeling and shit  
Trying to be grim  
Mindless f\*\*king chicks  
All around

Trendy wankers squeeling spree  
Fuck your scene, outcast society

.....

Getting caught up in the wrong crowd  
Spreading violence future freaks  
Wasting away, will it change, cannot be replace  
The human waste

What the f\*\*k are you thinking?  
We dont give a f\*\*king shit

All the shit we have been through  
Timeless act we have made it through  
You have not seen the history of us  
Going through rough time, innerself decline  
The power of grind mind, we still unite  
You all can f\*\*koff now

Time has passed, still standing strong

Time has passed, we have made it through  
Stuck in time? Well f\*\*k you  
Fuck your views, f\*\*k you too  
Grinding again, it will never ends

Time has passed still standing strong
