

Scum Infestation And Last Song

Wormrot

Scum infestation
Natural catastrophe
Is this what we really f**king need

Squeeling and shit
Trying to be grim
Mindless f**king chicks
All around

Trendy wankers squeeling spree
Fuck your scene, outcast society

.....

Getting caught up in the wrong crowd
Spreading violence future freaks
Wasting away, will it change, cannot be replace
The human waste

What the f**k are you thinking?
We dont give a f**king shit

All the shit we have been through
Timeless act we have made it through
You have not seen the history of us
Going through rough time, innerself decline
The power of grind mind, we still unite
You all can f**koff now

Time has passed, still standing strong

Time has passed, we have made it through
Stuck in time? Well f**k you
Fuck your views, f**k you too
Grinding again, it will never ends

Time has passed still standing strong
