

## Hulk Hogan

Wretch 32

Buss the pussy open for a dolphin  
Let me swim into your ocean  
Free Willy for a moment  
You ain't got a choice, you was chosen

Ice, frozen  
Kodak, enjoy the moment  
Ripped jeans and the way the leg drop like  
My nigga Hulk Hogan  
My nigga Hulk Hogan  
My nigga Hulk Hogan  
The way I ripped off my shirt like  
My nigga Hulk Hogan  
Don't write my name on lists, write my name in lights  
Told her she can love anybody  
And I won't make a fuss but it made her fight  
They're just tryna sink our relationship  
I let them ride the wave, then I wave goodbye  
Roll a paper plane, we can take a flight  
Oh, he did you wrong? I can make it right  
I can make it right

She was home alone, Macaulay Culkin  
Nah, really, she was coking  
Whatever rocks your boat, keep floating  
But that's something I don't indulge in  
This relationship's open  
Give a dog a bone and I bone it  
That's a bonus  
I'm a house nigga but I own it

Buss the pussy open for a dolphin  
Let me swim into your ocean  
Free Willy for a moment  
You ain't got a choice, you was chosen

Ice, frozen  
Kodak, enjoy the moment  
Ripped jeans and the way the leg drop like

Bust the pussy open in the open  
I'mma put 7Up if she's coking  
Make her buss it till it's broken

Funny thing is I'm so serious, I'm joking  
It's 15, one homeless  
Say nothing, that's the slogan  
Rolled Dutch, she was smoking  
I made her take it for a token, ayy

Buss the pussy open for a dolphin
