

## Never Be Me

Wretch 32

That coulda never been me  
Cah I forever been me  
Hittin' on another team  
That coulda never been me  
Cah I forever been me  
Not livin' out my dreams  
That coulda never been me  
Cah I forever been me  
Hittin' on another team  
That coulda never been me  
C'mon and get to know me

Look, at the age of fourteen, I felt the pressure on me  
That's why I never did sleep, that I never had dreams  
I was forever on the street, I had a pair o' off-keys  
An' a top of Dolce, an' had a pair of cold sneaks  
That help me run from police  
Cah my mother's so deep, she woulda sent me O.T.  
Because she never got pees she was ever so pleased  
When I got my own keys, at sixteen so sweet  
Even tried to sell weed, but couldn't get a whole key  
I had to let it go peek, didn't get to know pees  
Until I got to eighteen, but still I never OD'd  
Cah my foot was in the scene, I had to make it concrete  
And now I feed my whole team

They can't believe the one they doubted  
Is taking the house tonight  
When I didn't even try  
Ain't that what  
You screamed and shouted  
Cause I've made you change your mind  
And I didn't even try

You love it  
How he does it

An' I ain't never been tight, I'm like drinks on me  
An' I can do that all night, cah I got my shit right  
I never blink or sleep, cah my dream's my life  
So the limit's my sky, until into the ground I dive  
But a legend don't die so why the hell should I  
I've got heaven on side, my little boy soon stride  
When he gets his own stripes, I get him sponsored by Nike  
It's real talk no hype, cah his daddy's been fly  
I been cool no ice, I don't stunt I style  
It ain't all about price, unless you get it on swipe  
I pay cash no dice, so everything nice  
Becah a rider got drive, I get head no lice

They can't believe the one they doubted  
Is taking the house tonight  
When I didn't even try  
Ain't that what  
You screamed and shouted  
Cause I've made you change your mind  
And I didn't even try

You love it  
How he does it

That coulda never been me  
Cah I forever been me  
Hittin' on another team  
That coulda never been me  
Cah I forever been me  
Not livin' out my dreams  
That coulda never been me  
Cah I forever been me  
Hittin' on another team  
That coulda never been me  
C'mon and get to know me
