

## Concrete Rage

:Wumpscut:

Show me that they wanted to help me instead of putting me in other places

Could have been more of a mother

When I was born

In times of aggression

I couldn't bear

My mother's incest

When I was born

In times of aggression

I had no faith

Besides your chest

Concrete rage

Could have been more of a mother

When I was born

In times of aggression

I couldn't bear

My mother's incest

How stupid do you think we are?

In a city made of steel

The concrete rage is all we feel

She could have been more of a mother

The dirty whore

A dirty whore called mother

A dirty whore she's my mother

A dirty whore oh mother

Just a dirty whore

Why is she my mother

Faceless people

Faceless masks

Faceless agony

Run, run

And faceless hearts
