

## Concrete Rage

:Wumpscut:

Show me that they wanted to help me instead of putting me in other places

Could have been more of a mother

When I was born  
In times of aggression  
I couldn't bear  
My mother's incest

When I was born  
In times of aggression  
I had no faith  
Besides your chest

Concrete rage

Could have been more of a mother

When I was born  
In times of aggression  
I couldn't bear  
My mother's incest

How stupid do you think we are?

In a city made of steel  
The concrete rage is all we feel  
She could have been more of a mother  
The dirty whore

A dirty whore called mother  
A dirty whore she's my mother  
A dirty whore oh mother  
Just a dirty whore  
Why is she my mother

Faceless people  
Faceless masks  
Faceless agony  
Run, run  
And faceless hearts
