

## Fear In Your Eyes

:Wumpscut:

Burn that was all you said  
Burn down with all you had  
I'll burn all your limbs and found  
Burn all your ashes down  
Your Soul Can't be burnt in flames  
It survives and it will remain  
With a pain of maternity  
Of a fear in eternity

Fear in your eyes

God's just a bad invent  
By Christ with a sad intend  
To adjust and co-exist  
With a fear of the law of fist  
I don't believe in God but so  
I am on my tod I'm afraid  
I'm afraid of him at least  
Sure I Cannot win
