

We Believe, We Believe

:Wumpscut:

Tell us nothing
Tell us all
Makes no difference
If you call
We believe you
All your lies
And retrieve you
If it dies

We believe
In your word
We believe
In your fate

We believe
Your word

Sacrify you
All our blood
Sanctify your
holy blood
Will we never
See the truth
Not so sure of
The real truth

We believe
Blindly
