

## Wreath Of Barbs

:Wumpscut:

Holy burning hand of wrath  
Piercing forever through the heart  
And this flaming orbit of shame  
Ravages and splits the path

Grinding binding taking away  
Needles above the prey  
Wreath of barbs

The injection of religion  
Has a comalike effect  
And bodies lay in decay  
Dreaming of a greener day

Grinding binding taking away  
Needles above the prey  
Wreath of barbs

Open eyes reading nothing  
A sky harsh blue grins black

And I bleed and bleed in this wreath of barbs  
And I run and run but I don't get far
