

You Just Don't Know Me At All

WWE

You just don't, you just don't know me at all

Can you tell me what happened here?

Tell me how I should feel

My life seems to be in disarray

I feel you testing me with all your fantasies

And you try and keep me down

But I won't stay 'cause you don't know me

I've been through all this hell before

I've seen it all and more

If you think I'm gonna fade away

Then you don't know me

You think you have the upper hand

Well that's not my plan

Stronger now I see that you

You just don't know me at all

You tried to manipulate

Well now this is your fate

'Cause piece by piece

I'm gonna tear you down

Can't hold the secret now

Find out what I'm about

Did you think I'd let you have your way

Well you don't know me

Your soul is screaming, who's crying now?

Who's crying now?

Your heart is bleeding, who's sorry now?

Your soul is screaming, who's crying now?

Who's crying now?

Your heart is bleeding, who's sorry now?
