

# Hold On

Wyclef Jean

L'union fait la force  
R.I.P Jimmy yo  
From the ashes we shall rise  
Fan'Fan' Young clef  
To my country of Haiti

Hold on, be strong  
No matter what you're goin' through  
You know it's gon' be okay, okay, today  
Even when the earth quakes

Like I said on BET, from the hood to the projects to the mansion,  
So you got no excuse  
Stop blaming the recession,  
Go harder for Haiti  
Send a text on your phone, Y E L E, 5 0 1 5 0 1

Every block, every school, dream initiation  
So build the world make it a better place, like Michael Jackson we don't want  
na see another 9-11 happen

Wish I had talked to them teenagers, with them rpg's  
Goin' way head on with the navy seals  
I would've told them theres a better way

Hold on, (aint gotta be that way) be strong  
No matter what you're goin through  
You know it's gon' be okay, okay, today, today  
Even when the earth quakes

We gotta hold on, hold on, be strong, be strong  
I know that you don't think that I can read your palms  
But I see the dawn, the dawn, beyond  
Beyond I can see the sunlight

And if the rain falls down,  
It ain't nothing but a blessed day today,  
The sun will shine after the rain dries

To all mah thugs dat gone, memories live on, I guess  
see you at the crossroad  
So many cry when we die and they wonder if we're in the sky  
see you at the crossroad

I see you in my dream, dat night, dat crime scene  
but don't worry, see you at the crossroad  
Remember we still a team and I know you can hear me now  
see you at the crossroad

Hold on (aint gotta be that way), be strong  
No matter what you're goin through  
you know it's gon' be ok, ok, today, today  
Even when the earth quakes

We gotta hold on, hold on, be strong, be strong  
I know that you don't think that I can read your palms  
But I see the dawn, the dawn, beyond

Beyond I can see the sunlight

And if the rain falls down,  
It ain't nothing but a blessed day today,  
The sun will shine after the rain dries

She wants to know, she wanna know how long I been playin'  
As long as my mother, as long as my momma she been prayin'  
She bought me a guitar, she bought me a guitar at eleven  
She ain't want me be usin mac 11's

When I sing, so when I said daddy was gone 'til November  
I knew, I knew that he wouldn't be back in November  
Cause I could've been the one in the bank with a shank  
with a pump and a ski mask  
But my bank is the stage, my 12 gauge is black \*\*\*

Hold on, (aint gotta be that way) be strong, be strong  
No matter what you're goin through,  
you know it's gon' be ok, ok, today, today  
Even when the earth quakes

We gotta hold on, hold on, be strong, be strong  
I know that you don't think that I can read your palms  
But I see the dawn, the dawn, beyond  
Beyond I can see the sunlight

And if the rain falls down,  
It ain't nothin' but a blessed day today  
The sun will shine, after the rain dries

If the rain falls down,  
It ain't nothin' but a blessed day today,  
The sun will shine, after the rain dries, rain dries, rain dries
