

## Blindfold

Wynardtage

Decline tortures would be come and walk so soon  
Rise and fall within me to consume  
Spirits to bury  
Downgrade all your life  
Given to a crude philosophy

Stranded moved to all the dead ends of your mind  
Resign, sudden stop ambitious climb  
Take me to the haze  
Just a safer place  
Where I'm walking

Where I'm walking  
Blindfold  
Just give me a reason  
How to lean on this world  
Just to bring down all the walls  
Only to be held  
Just for the last steps

Silent shadows inbetween and far away  
In their truth as long as I would stay  
Justice will be done  
Now I'm on the run  
Only backwards

Handsome figures out of clouds and wide in dust  
I am ready to embrace them by my trust  
And I'm occupied  
For a further trial  
While I'm walking..

While I'm walking blindfold  
Just give me a reason  
How to lean on this world  
Just to bring down all the walls  
Only to be held  
Just for the last steps

I'm walking blindfold
