

Dissolution

Wynardtage

My tears have fallen so hard
While earth was broken apart
Lost possession of my soul
Like a stupid teenage fool
Hit me once with your anger
Hit me twice like a stranger
Lost possession of my life
Dissolution last compromise

Ruining compassion
Rotten compromise
Artificial obsession
This is the meaning of life
Sleepless in heaven
To repent all the lies
Guilty confession
My love never dies

My tears fall like the rain
Everything I know is in vain
Lost my pride and my crown
Nothing left while I am alone
Kill me once with your lover
Kill me twice let me suffer
Lost possession of my life
Succumbed by suicide
