

Fuck You - Perfect World

Wynardtage

You can stop
This pressure in me
And you don't know
How bloody arms feel

Fuck you in your perfect world
Fuck you with your perfect world

You can call me
Sick and black
Its not my turn
To kiss your ass
Call me bitch
And call me slut
You never feel
My hate and lust

You can see
This fear in me
And you don't call
If I need

Fuck you in your perfect world
Fuck you with your perfect world...
