

# Walk With The Shadows

Wynardtage

Down in a staircase  
moved to wind out  
surrender, solutions  
the fittest black out

Deceit, celebration  
divine all the shit  
as blinding the creatures  
and the fools to admit

Walk with the shadow  
and stumble away  
suffer, divide and..  
sliding unsafe

As I walk with the shadows  
as I fall from a space  
oh surrender, solutions  
for the times that I stay

As I walk with the shadows  
as I fall from a space  
oh surrender, solutions  
for the games that I play

So walk with the shadows  
and sleep with your lies  
no hiding in darkwoods  
take the dust from your eyes

So walk with the shadows  
and sleep with your lies  
happy awakening  
take the dust from your eyes
