Always Will

Wynonna Judd

If time is a train rollin' down the track Every minute is a box car that don't come back Take a look around you, it's all gonna change Whatever you see ain't never gonna stay the same Except for the rain and the wind in the trees And the way I feel about you and me

And the way I feel when I'm with you Is like the roll of the ocean And the calm and quiet of the moon And when you hold me time stands still It always has and you know it always will

Out on the horizon the sun is goin' down It ain't gone, it's just on its way around Just like your love I see it every day In the things you do and the things you say You touch my hand and I feel the thrill I always have and I always will

And the way I feel when I'm with you Is like the roll of the ocean And the calm and quiet of the moon And when you hold me time stands still It always has and you know it always will

You know it always will You know it always will
