I Want To Know What Love Is

Wynonna Judd

I gotta take a little time A little time to think things over I better read between the lines In case I need it when I'm older

This mountain I must climb Feels like the world's upon my shoulders Through the clouds I see love shine It keeps me warm as life grows colder

In my life there's been heartache and pain
I don't know if I can face it again
I can't stop now, I've traveled so far
To change this lonely life

I want to know what love is I want you to show me I want to feel what love is I know you can show me

I'm gonna take a little time A little time to look around me I've got nowhere left to hide It looks like love has finally found me

In my life there's been heartache and pain I don't know if I can face it again Can't stop now, I've traveled so far To change this lonely life

I want to know what love is I want you to show me I want to feel what love is I know you can show me
