

Keeps Me Alive

Wynonna Judd

This is my story, this is my glory
This is what keeps me alive
This is me flying, this is me trying
This is what keeps me alive

Will I be dreaming, dreaming?
Tomorrow, will I be trembling, trying?

Up on a hollow nobody follows
This is what keeps us alive
After a hot spring then we a home away
That is what keeps us alive

Will I be dreaming, dreaming?
Tomorrow, will I be trembling, trying?

This is my one skin, this is my blood
This is my one flying [?]
I won't be flying, I won't be trying
If this can't keep me alive

This is my story, this is my glory
This is what keeps me alive
