

Lessons To Learn

Wynonna Judd

My life isn't what I thought
But I can't change
What was given to me
Oh, yes I didn't think
It was my best
But life gives us a test
OF LESSONS TO LEARN
LESSONS TO LEARN

SO, we don't know
When angels assist us
The day we're born
There is no way to know
What God has in store
Just pray thaqt God
Will keep us in
His hand
There are LESSONS TO LEARN

It took me many years to accept
You know life is a gift
Yes, it can be good or bad
So, we've come along way
Yes, when I say
There were lessons
LESSONS TO LEARN

Everything happens for a reason
Don't question and learn the lesson
There are LESSONS TO LEARN

It's best not to look back
Trust and know
You did your very best
Believe in yourself
And just keep a smile
You have survived
Yes, you passed the test
There were LESSONS TO LEARN
