My life isn't what I thought
But I can't change
What was given to me
Oh, yes I didn't think
It was my best
But life gives us a test
OF LESSONS TO LEARN
LESSONS TO LEARN

SO, we don't know
When angels assist us
The day we're born
There is no way to know
What God has in store
Just pray thaqt God
Will keep us in
His hand
There are LESSONS TO LEARN

It took me many years to accept You know life is a gift Yes, it can be good or bad So, we've come along way Yes, when I say There were lessons LESSONS TO LEARN

Everything happens for a reason Don't question and learn the lesson There are LESSONS TO LEARN

It's best not to look back
Trust and know
You did your very best
Believe in yourself
And just keep a smile
You have survived
Yes, you passed the test
There were LESSONS TO LEARN
