Love's Funny That Way

Wynonna Judd

There's no king when love is the thing We play the same rules In a heartbeat a wiseman can be a fool There's no guarantee that love will be

A stranger or a friend A prayer that's answered Or a heartache that never ends Through the darkest hours When all is said and done It has the power You go from lonely to the lucky one

Love's funny that way Now matter who you are It can shake your faith Or it can break your heart Once in a while the mountains move We all long for those days You live, you laugh, you say Love's funny that way

Not long ago I got to know the lonely side Just me and my pain and nowhere to hide It amazes me How my world turned around If it's meant to be That's all that matters to me anyhow

Love's funny that way No matter who you are It can shake your faith Or it can break your heart Once in a while the mountains move We all long for those days You live, you laugh, you say Love's funny that way

Once in a while the mountains move We all long for those days So when you don't understand Best you leave it in love's hands Just live, laugh and say Love's funny that way
