

## Till I Get It Right

Wynonna Judd

I'll just keep  
On falling in love  
Till I get it right  
Right now  
I'm like a wounded bird  
Hungry for the sky  
But if I try my wings  
And try long enough  
I'm bound to learn to fly  
So I'll just keep  
On falling in love  
Till I get it right

My door to love  
Has opened out  
More times than in  
And I'm either fool  
Or wise enough  
To open it again'  
Cause I'll never know  
What's beyond the mountain  
Till I reach the other side  
So I'll just keep on  
Falling in love  
Till I get it right

If practice makes perfect,  
Then I'm near about  
As perfect  
As I'll ever be in my life  
So I'll just keep on  
Falling in love  
Till I get it right
