

# Feel It

Wynter Gordon

I see you in front of me  
A thousand faces in the crowd  
We're okay for the The music Ohh  
Don't let them take away the love  
It's the one thing that keeps us going strong  
Keep it burning  
Burning in your heart and soul  
Can you feel it

Can you feel it  
Feel it in the air tonight  
Ohh  
I can feel it  
Feel it in the air tonight  
Ohh

I will live for my music  
And my music lives for me  
And my blood is my dust down  
It's the thump in my heart beat  
Ohh  
And when I play this song  
I fly  
It's the one emotion I just can't deny  
It's my birth-right  
It's my habitat  
Can you feel it

Can you feel it  
Feel it in the air tonight  
Ohh  
I can feel it  
Feel it in the air tonight  
Whoaaa  
Oohh  
One love  
One heart  
It's the universal language  
If you believe it  
Well let me be

If you feel it  
Feel it in the air tonight  
Ohhh  
I can feel it  
Feel it in the air tonight  
Ohh  
Can you feel it  
Feel it in the air tonight  
Ohh  
I can feel it  
Feel it in the air tonight  
Ohhh  
Can you feel it  
Feel it in the air tonight  
Ohh
