

# I Forgive You

Wynter Gordon

Oh, oh, oh yeah  
Fighting feelings and pain  
Oh God, show me a brighter way  
Seems like a lifetime of waiting  
Trying to forget your pains  
I'm fighting these feelings barely  
Oh God, show me a better way

I'll do whatever it takes to heal the hole inside of me  
For all of your mistakes I forgive you  
If I never let this go  
My heart will never know a better way for all of your mistakes  
I forgive you, I forgive you

I can't go back and change things  
So I chose to live in the past  
I'm holding to pain that brings me nothing  
Oh Gos show me a better path

I'll do whatever it takes to heal the hole inside of me  
For all of your mistakes I forgive you  
If I never let this go  
My heart will never know a better way for all of your mistakes  
I forgive you, I forgive you

I forgive you, I forgive you  
I forgive you, I forgive you  
I forgive you, I forgive you  
I forgive you, I forgive you  
I forgive you, I forgive you

I'm letting it go

I'll do whatever it takes to heal the hole inside of me  
For all of your mistakes I forgive you  
If I never let this go  
My heart will never know a better way for all of your mistakes  
I forgive you, I forgive you
