

Reach Out

Wynter Gordon

Can't escape the feeling lingering pain
And we played the game night and day
Picking all the pieces of another life
There is nothing left to hide

O-o-oh, o-o-oh, I apologize
O-o-oh, o-o-oh forgive me

Break me out from this prison
Don't you leave me all alone
Tell me I am the only one
No way, I'm screaming now
Reach out, reach out
Reach out and touch my hand
Touch my, hold my, hold my
Hold my, hold, hold

Closing off the scene of a hurtful crime
I can recognize, this is mine
Now we're face to face, look me in the eye
Tell me all that's wrong, and I won't deny

Break me out from this prison
Don't you leave me all alone
Tell me I am the only one
No way, I'm screaming now
Reach out, reach out
Reach out and touch my hand
Touch my, hold my, hold my
Hold my, o-oh-oh
